NEW to ClientTrack!

Housing Status Tracking

Open the tracker by clicking the action arrow and clicking Add Housing Status Tracking. The tracker records a client's progress from enrollment to housing as well as information about potential barriers to unit matching.

Housing Status Search Form

Find the search form in the menu on your Home Workspace. Use the search form to view all clients' status for a particular program make quick edits to clients' tracker data, and export or print the data for all clients in a given program.
